Building 10604

Corner of Barnes Avenue and 10th Street

HOURS OF OPERATION & PERSONNEL

- MONDAY - FRIDAY
- 0730 – 1530 HOURS
- Telephone: 791-9824/791-9825
- FAX: 791-9837

REQUIREMENT FOR A HAZMART

- EPCRA (Emergency Planning & Community Right to Know Act) and EXECUTIVE ORDER 12856 provide Federal guidance that dictates compliance with Right to Know Laws and pollution prevention requirements.
- Code of Federal Regulations (CFR) 29 and 40
- Army Policy
  * AR 71—2
  * AR 200-1
  * DA PAM 200-1

PRESENT OPERATION

- The Fort Gordon HAZMART is presently being operated to TRACK hazardous materials only. This is accomplished by capturing items at the CRP that were requisitioned through the SARSS system and entering the data in the Hazardous Substance Management System (HSMS). This is a very small amount of HM received on this installation.
- Locally purchased material is physical brought to the HAZMART for processing. (This is not always being done).

In the Process of going to a HAZMART under the Pharmacy Concept

- A one stop shop that provides centralized acquisition, storage, distribution, management and reporting of hazardous materials utilized by the base operations and tenants.
- Customers need to attend the ASL review (June 2004) to ensure the hazardous materials needed by their units are stocked at the HAZMART.

Material based on FY03 Demand History

- 67 Line Items which include:
- Class 6135 – Batteries
- Class 6140 – Batteries
- Class 6240 – Lamps
- Class 6850 – Cleaning Compound and Antifreeze
- Class 8010 – Epoxy Primer Coating and Polyurethane Coating
- Class 8040 – Repair Kit, Adhesive
- Class 9150 – Hydraulic Fluid Auto and Lubricating Oil

CUSTOMER BENEFITS OF A HAZMART

- Reduce inventories at the unit level.
- Safer Work environment for HM users.
- Reduce compliance violations
- $ savings through Free Issue of Excess
- Reduce Hazardous Waste (HW) generation.
- Improve Supply availability
- Improve Shelf-Life item management
- Reduce toxicity of hazardous materials
- Reduce soldier and civilian staff time needed to compile quarterly hazardous material inventory reports.

PROCEDURES FOR HAZMART CUSTOMERS

- Designate personnel as HAZMART POC
- POCs provide signature cards(DA Form 1687) to HAZMART
- Conduct a 100% inventory of all hazardous materials on hand.
- Identify the items and quantities required to perform your mission and use this to prepare a draft AUL.
- Compare inventory to draft AUL & identify items not required or are in excess quantity. (No more than a 10 day supply of hazardous materials should be available at worksites or warehouse.
- All excess hazardous materials should be turned into the HAZMART for redistribution.

HOW THE HAZMART WILL WORK

- Customers will order as usual through SARSS.
- HAZMART will receive order and process and ready for pickup within two hours.
- Normal issue procedures.
- Billing through SARSS.
